Always at your service

Eco-Charrette Training

Eco-charrettes are a great way to increase the sustainability of your green building and sustainable infrastructure projects.

Get your key questions answered and get practice with a mock eco-charrette during this hands-on training.

You'll learn:

- What an eco-charrette is and why they're important
- How they can be run and who needs to be there
- How to get the results you need

Please RSVP to nori.catabay@kingcounty.gov with the following info:

- Name
- Title
- Department/Division
- E-mail address

**Tuesday,
June 7, 2011**

2:00 – 3:30 PM

**King Street
Center
8th Floor
Conference
Room**
